The sin sick are in our city. The Great
 Physician is here. If we know Him, then
 we MUST tell the sin sick or else be remiss
 in our Christian duty.

LET'S SING

Congregational singing is probably the
 most important music in the worship serv-
 ice. All people should be prompted to sing
 by these words of David McK. Williams:
 "We each have the voice that God gave us.
 To what better use could it be put than to
 sing His praise? It might be a weak voice,
 or it might be strong; it might be beautiful
 it might even be ugly. And yet these voices
 joined together in joining the praise of our
 Maker surely will be as acceptable to Him
 as a choir of archangels."

—Copied

God's commands are enablings. He will
 never give us a work to do without show-
 ing exactly how and when to do it, and
 giving us the precise strength and wisdom
 we need.

—F. B. Meyer.

THE UNITED STATES AND THE VATICAN

Should our country send an ambassador
 to the Vatican? For a better understanding
 of this issue, hear Mr. Glenn L. Archer
 speak at a public meeting in this church on
 Saturday, March 15, at 7:30. As the ex-
 ecutive director of rotendants and Other
 Americans United for Separation of Church
 and State, Mr. Archer is a forceful expo-
 nent and defender of the principle of re-
 ligious freedom. His training and experi-
 ence as a lawyer give him the necessary
 caution and objectivity needed in dealing
 with the problems attendant to the drift
 towards church-state union in the United
 States.

TOOLS FOR CHRISTIAN WITNESSING

A Bible—a pair of gloves—car keys—modern tools for the ever modern task of Christian witnessing. Visitation is more than just going to someone's house. It is a period of prayer beforehand—a deep concern and a love for the lost. It is a smiling face; an eagerness to meet people and introduce our Saviour to them. It is a desire to see our church grow and prosper because we have helped enlist members in active service. Above all it is the love of Christ that constrains us to share him with the world—and my mission field today is my neighbor's front door.
