By NATHAN C. BROOKS, JR.

A Letter from Dr. Leo Green last week shared information about the helpless condition of his father whose serious illness caused Dr. Green to cancel his plans for study in Europe this year. I told Dr. Green that we would pray for him.

The Lottie Moon Offering goal was \$2200. North Hill Chapel was seeking to reach \$50. To date we have given \$2162.76 and North Hill \$69.12. Miss Eloise Hughes tells me that her home church, First Baptist, Greensboro, North Carolina, has contributed more than \$13,000.

Mr. W. C. Carr, our "District Field Secretary" will speak at our Prayer Service, Wednesday, January 23. The pastor will be present, and will be happy to present him.

A Study of Revelation will begin at Prayer Service on January 30. Since I recently brought a series of messages on the seven churches of chapters 2 and 3, we will begin with chapter 4. This will be a Bible Study opportunity.

Congratulations to Mr. and Mrs. William Caldwell Jolley, 16 North Spring Street, the first couple to be married in our new sanctuary. Their wedding took place at 8:00 p.m. Saturday night, January 12.

Speaking Frankly "In Milwaukee, after sheriff's deputies found him drunk in his parked car, bandaged his bloody nose, moved the car to a parking lot, turned on the heater and extracted a promise from him not to drive until sober, Morritz Lamberty drove 150 feet to a new parking place, was arrested and fined \$150, explained: 'When you're drinking, you're not always as smart as you ought to be.'" —Time.

**\$100,000 Couldn't Buy A Man**—Andrew C. Ivy, Ph.D., M.D., S.Sc., Illinois, is the discoverer of at least two hormones, and heads a staff of 35 full-time research scientists at the University of Illinois.

Dr. Ivey was offered \$100,000 to write a series of articles on beer and vitamins. He turned it down. He did, however, have time to accept the position of Chairman of the National Committee for the prevention of Alcoholism. In a recent address during the sessions of the Institute of Scientific Studies for the Prevention of Alcoholism, in session at Loma Linda, California, he said, "I regard it as sheer intellectual dishonesty to discuss the food qualities of beer, including its vitamin content."

Here is a man who isn't for sale at \$100,000 but who will tell the truth for nothing.—Selected.
