# Viewpoint

By NATHAN C. BROOKS, JR.

Ralph Edwards is right. We human beings are funny creatures. The use of our air-conditioning last Sunday proved that. A week before some of the members were telling me how warm they were. Last Sunday some were telling me how cold they were. Of one thing I am certain now, when the air-conditioning is on it will be well for the ladies to "come prepared." Not all of us are adapted to the same temperature. When our building was under construction one of our deacons kept saying that we could pay for the building by renting shawls when the air-conditioning is on. Br-r-r-!! Perhaps my "extra padding" made the difference. It certainly felt good to me last Sunday.

The Lord's Supper will be observed at the evening hour, March 3. Plan to be present for this first observance in our new sanctuary.

The Youth Sponsored Services next week are not just for the young people of our church. Our young people will be leading each morning but all of us will be blessed by the participation.

Gambling Isn't Gambling according to some people. Of course if those involved are colored boys in a back alley shooting dice, that's gambling! If it's the American Legion, it isn't gambling to gamble, it's charity. At least that is the import of a news item in the February 12th *Pensacola Journal*. A leader in the American Legion in Florida has asked a state representative to introduce a bill "to liberalize gambling laws." He "forecasts that the American Legion would back the proposal '100 per cent'." The bad thing about being a Baptist preacher is the ignorance it involves. I don't know how long it's going to take me to find out that gambling isn't gambling. But I'm not the only ignorant one, there are some leaders in the American Legion who do not know that there are veterans who believe that gambling is still gambling. Ah, sweet charity!

Thank You for the fine way in which you as a congregation have been cooperating with the ushers. The worship atmosphere of our services has been enriched in this way. Just one suggestion that the ushers have made to me—that we remain through the invitatoin period until the close of the service! Let's cooperate in every way that will enable the Holy Spirit to best deal with the hearts of those who face tremendous decisions at the time of invitation. Please??

**CHURCH BUSINESS**

At Present we need gifts of \$8,758.89 to reach the \$28,000 goal set to care for our current Building Fund obligations.

Church Business is regularly handled on the Wednesday night following our Deacons' Meeting. In a Baptist Church it is important that all of the members have a part in transacting business. Last Wednesday we handled several matters.

K. K. Knight was named Chairman of the Receiving Committee to replace W. K. Boger who has been transferred to Jacksonville.

Joe Ladner was elected to have supervision of all mechanical equipment of the church, including air-conditioning and heating.

Chaplain Ralph R. Arms, Fort Gulick, Canal Zone, was authorized to baptize upon a profession of faith such candidates as under his ministry desire to be received into the fellowship of our church.

An Interpretation of being received under the "watchcare" of the church was expressed by the congregation.

Approval was given to Finance Committee recommendations for (1) Setting up a separate Mortgage Retirement Fund; (2) Finance Committee study and recommendation before any non-budgeted expenditures are made by the church; (3) Providing a piano fund out of transfers from the Mission Expansion Fund and savings effected in the music budget of the church. (Note: these funds must be available in cash before the pianos may be purchased).
