## THE MASTER'S TOUCH

In the still air the music lies unheard;

In the rough marble beauty hides unseen:

To make the music and the beauty, needs

The master's touch, the sculptor's chisel keen.

Great Master, touch us with Thy skillful hand;

Let not the music that is in us die!

Great Sculptor, hew and polish us; not let,

Hidden and lost, Thy form within us lie!

Spare not the stroke! do with us as Thou wilt!

Let there be naught unfinished, broken, marred;

Complete Thy purpose, that we may become

Thy perfect image, Thou our God and Lord!

—Horatius Bonar, 1808-1889

## THE REBELLIOUS ONES

Something frightening is taking place on an ever increasing number of college campuses. The plague of student rebellion is spreading daily.

In a recent address Dr. Billy Graham said: "Radicals are using campuses as training areas for guerilla warfare. They are not after the universities. They are after the government. They want to tear it down: they want to burn it down." Dr. Graham compared the student

riots to German radicals in pre-nazi Germany. "They took the campuses. They took the streets and then they took the country," he said.

Unfortunately the rebellious ones are receiving encouragement from some unexpected sources. The recent decision of the Supreme Court overturning the federal marijuana conviction of Dr. Timothy Leary is tragic. Many in our land today who cannot speak a sentence without using the word RIGHTS have not learned yet to pronounce RESPONSIBILITY. The two are inseparable.

Unless we have a moral and spiritual revival, our society will end up either in revolution or in a dictatorship.

It is on my heart to talk to you about this matter Sunday. If you care, come.

Sincerely your pastor,

*James L. Pleitz*

## SPOTLIGHTING INTERMEDIATE 14 SUNDAY SCHOOL DEPARTMENT

One of the secrets of effective teaching with any group, but especially with this age, is that of knowing your pupils. As a department this group has done more to get into every home. MR. LETCHER LAMKIN and MRS. W. R. GOBER have visited in every home with the exception of three who were not at home when they visited. Making practical application of the lessons to life are MRS. MARVIN LEE, MRS. W. H. THOMPSON, MRS. G. T. FARRINGTON, W. H. THOMPSON and CURTIS GOLDHILL.

Accurate records of work done are faithfully kept each week by MR. E. L. BARRINEAU.

MRS. DON LEGRONE serves as substitute when a teacher must be out.

Perhaps one of the most outstanding achievements of this department is the consistency in lesson preparation on the part of the pupils present. This may be due to encouragement of the teachers for pupils participation in lesson discussion in class. This is really when learning takes place.

Our deep appreciation to a fine group of workers who make a genuine effort to establish a point of contact with their pupils.
